TEENBLOG: SPORT

Post about you and your sport here. 10

It's fun!

My sport is … rugby! That's me in the photo. People think that rugby is for boys, but that's not true. More than 18,000 women and girls play rugby in England. My team always plays a match on Saturday or Sunday, and I usually go to practice games three times a week. It's hard work, but it's never boring! I'm 14 and I play for the U15s. That's the team for players under the age of 15. When I'm older, I want to go to the rugby summer camp at Loughborough University. My favourite player, Fran Matthews, went there and now she plays for the England national rugby team.

GRAMMAR Adverbs of frequency

We use **the present simple** to talk about things we do often or every day.
*I **go** snowboarding every day.*

1 **Look at these examples from the blogs. The adverbs of frequency are in red.**

My team **always** plays a match on Saturday or Sunday. It's **never** boring. I **sometimes** go snowboarding with Mum. I **often** go out with my little sister. It's **usually** quiet.

In sentences with the **verb *be***, we put the adverb of frequency *before* / *after* the **verb**.

Is rugby **often** dangerous?
Football isn't **always** boring!

In negatives and questions with the **present simple**, we put the adverb of frequency *before* / *after* the **main verb**.

4 Who are your favourite sports stars?

Goofy-foot or regular?

I love the snow and the mountains. I feel at home there. I live in a city and there is no snow here, but in the holidays, I always go to the mountains with my family. I sometimes go snowboarding with mum, but I often go with my little sister and other young people. Mum usually skis with my dad, and my sister and I like spending more time in the snow than they do. It's usually quiet. When we're in the mountains, I go snowboarding every day and I'm getting really good. I often think about the future – I want to be a famous snowboarder one day, like Max Parrot. Oh, and I'm goofy-foot – that means I put my right foot at the front of the board.

READING

1 **Look at the photos of the sports and games. What can you see?**

2 **Read the three texts and match them to the photos.**

11

TRY THESE SPORTS!

1 CYCLE-BALL

This sport is like football on bikes. There are two teams. Each team has usually got two players. The bikes don't have any brakes to stop them. Players in each team try to hit the ball into the goal. They can use their bike or their heads to do this. The ball is quite heavy – it weighs half a kilogram. The winning team is the team with the most goals at the end of the game.

2 GILLI-DANDA

This is an ancient sport from India. The players use two things: one long stick, called a *danda* and a short egg-shaped bat, called a *gilli*. There are two teams. One player puts the *gilli* on the ground inside a small circle and hits it into the air with the *danda*. Then the player hits the *gilli* again and runs to touch a spot outside the circle to get a point.

B

3 OCTOPUSH

The sport is also called *underwater hockey*. There are two teams. Each team has got six players. Players swim underwater to play this game. They use small sticks and a puck. The puck is a little like a flat ball. It's heavy and weighs about a kilogram. Players try to push the puck along the bottom of a swimming pool into the other team's goal. The winning team is the team with the most goals at the end of the match.

3 **Read the three texts again. Are the sentences right (✓) or wrong (✗)?**

1 There are always two players in a cycle-ball team.
2 Cycle-ball players can't hit the ball with their hands.
3 The ball in cycle-ball is small and light.
4 *Gilli-danda* comes from India.
5 Players use a small ball in *gilli-danda.*
6 Sticks and bats in *gilli-danda* are the same size.
7 People play octopush in teams.
8 Players in octopush hit the ball, or puck, with their hands.
9 Players in octopush swim underwater to play their game.

READING

1 **Read the texts. Who starts school the earliest?**

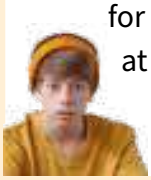

Tell us about your day…

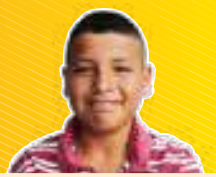

Three young people from around the world describe a typical school day

17

A Onni – Finland

I get up at 8.00 a.m. For breakfast I have cereal and milk, with orange **juice**. After breakfast, I meet my friend, and we go to school together on the metro. Some days school starts at 9.00 but on other days at 10.00. We don't wear a uniform, and we call our teachers by their first names. We all get a free lunch at school – meat or fish with vegetables for the **main course** and fruit for **dessert**. School usually finishes at 2.45, and after that, I go to music lessons or drama club. I have a **snack** in the evening before bed.

B Diego – Mexico

I wake up at 6.00 a.m., have a shower and put on my uniform. My breakfast is coffee, with bread and cheese or avocado. At 7.00 a.m., it's time to go to school. Sometimes I walk, but often my mum drives me. Classes begin at 8.00 and finish at 2.30. After that, I have my art class. I have **lunch** at about 3.00, and then I do my homework. I do it till 6.00 or 7.00. After that, I go on the internet or watch TV with my family. I have **dinner** at about 8.00.

C Aban – Ghana

My mother wakes me and my sister up at 5.00 a.m. I water the plants in the garden, and my sister prepares the food for the evening meal. Then we put on our school uniforms and brush our teeth. We leave the house at 6.30 and buy **breakfast** on our way to school. Lessons are from 7.30 to 2.30 p.m. Lunch is at school – today, it's rice and tomatoes. I like it, but my sister doesn't! After school I have my football class, and in the evening I watch TV before bed.

2 How do people start in the music business?
3 How can the internet help people to become musicians?

2 **Read the article quickly and match 1–3 to A–C.**

28

STARTING IN THE MUSIC BUSINESS

DO YOU WANT TO PLAY IN A BAND, OR BECOME A FAMOUS SINGER OR SONGWRITER?

Read on to find out how!

1 I'm a singer-songwriter. I give concerts at a local club. Everyone likes listening to my music and wants to buy a CD. What can I do next? **Pete**

2 Hi, I play in a band with some friends from school. The others aren't serious about music, but I am. Help! Do I stay with the band or find other musicians to play with? **Shona**

3 I'm 15 and a rapper. I record my songs and put them online. I get lots of hits! But I live in the countryside and there are no gigs here. It's too far for me to travel to the city. What can I do to become famous? **Spark**

A Why not make a music video too? Then it doesn't matter where you live. Ask your parents or someone from school if it's okay, and they can show you how to do it. Then you can upload the video to a social network like YouTube or Instagram. That's how Shawn Mendes became famous!

B You already write and perform your own songs. Great! Next step: record an album using computer software and post it online. You don't need a record deal. College courses are a really useful way to learn how to do this and can give you other ideas too. Ask at your school.

C Music is an important part of your life. Stay with your friends for the moment but think about going to a music school. These schools teach music and everything you need to know about becoming a musician. Talk to your parents about it. Good luck!

3 **Are the sentences right (✓) or wrong (✗)?**

1 Pete sells CDs of his songs at his concerts.
2 Pete needs to make an album with a record company.

Fun day!

I was very surprised to get this activity day for my birthday, but indoor skydiving was awesome! I can't wait to go again. Before the activity, there are lots of hand signals to learn, so you can communicate when you're flying in the wind tunnel. You can't speak in there! At first, I was worried about forgetting them, but it was fine. **Jade**

Fantastic!

I'm really interested in cars, so this was an amazing day for me. I still can't believe that my first driving experience was in a Lamborghini and an Aston Martin! I've got a video of the whole thing. I'm glad about that, because on the day there's no time to look at the cars properly. As soon as you finish, the next driver gets in. I was a bit upset about that. **Liam**

Amazing trip!

This was my first time in a helicopter, and I was quite nervous. I wasn't sure I wanted to do it. But there was no need to be afraid – in fact, I was sorry when it was over! I was in the front seat and the view was fantastic. The only problem was that we were back on the ground after only ten minutes. **Mia**

Really special!

What a brilliant afternoon! First, there was a talk about the history of chocolate. Then it was time for the best bit – making and decorating our own chocolates! The teachers were lovely and happy to help with any problems. There were photos to buy afterwards, but they were really expensive. I was angry about that. **Khrystyna**

2 **Read the texts again and answer the questions with a phrase or short answer.**

1 What does Liam like a lot?
2 What wasn't Liam able to do on his activity day?
3 Was Jade's activity day a present?

Help me, Danny!

Send me your problems and I can give my advice.

1

Dear Danny,
I want to go to see a film tonight, but my best friend wants to play basketball. We always play basketball and I'm bored! What can I do?
Regards,
Bored Best Friend

2

Dear Danny,
I have a problem. My best friend is often not nice to our maths teacher. She doesn't listen, she never does her homework and she says bad things about the teacher. I tell her to stop, but she gets angry with me. What can I do? Thanks for your help.
Unhappy Friend

A

Dear _____,
It's important for you and your sister to agree because you haven't got a lot of time. Make a list of good things about each present to help you decide. Then go shopping and choose the present together. Try to find a win–win solution. Enjoy shopping and happy birthday to your brother! *Danny*

B

Dear _____,
This is often a problem with friends and family. You can talk to your friend and ask to do something different, or you can talk to your friend about how you feel. Maybe agree to disagree. In that case, go to the cinema alone or with another friend.
Good luck! *Danny*

3

Dear Danny,
It's my brother's birthday at the weekend. My sister wants to buy him a T-shirt, but I want to buy him a book. We have only £15 and only one day to go shopping. What do you think?
Birthday Brother

C

Dear _____,
I think it's a good idea to talk to your friend and tell her to stop. You can tell her that it's important to be good in class and that you don't like what she's doing. Is she finding maths difficult? Does your friend need help studying? Listen carefully to your friend to help her.
Enjoy your lessons at school!
Good luck! *Danny*

Tamburello

Tamburello is a sport from the north of Italy. It is a very old sport. The first games were in the 16th century. Players can play the game inside or outside.

It's a team sport and there are usually three players in each team. Players hit the small tennis ball to players in the other team. But they don't use bats or rackets to hit the ball. They use tambourines. Have a look at the photo. Yes, the players have got tambourines in their hands. The Italian word for tambourine is tamburello. That's how the sport gets its name.

A player in one team hits the ball over the line to players in the other team. A player in the other team hits it back. When a player doesn't hit the ball or when the ball goes too far, the other team wins a point. There are four points in each game. That's the same as the points in tennis. When players play a match, they usually play 13 games.

The Great Fire

43

1 Saturday 1st September 1666 was a normal day in London. The city was smaller than it is today, but the little shops were busy and there were lots of people in the streets.

2 Just after midnight that night, something happened in a bread shop in Pudding Lane to change everything. A small fire started in the building. Most people lived in small houses in those days. These houses were very close to each other. The floors at the bottom of the houses were made of stone, but the rest of the houses were made of wood. The fire moved first to the houses and shops on each side of the bread shop, jumping from roof to roof. The buildings started to burn, and the fire travelled quickly from house to house, from shop to shop and from street to street. The fire moved very fast through the buildings and burned for three days, from Sunday 2nd until Wednesday 5th September.

3 After the fire, the buildings made of wood were not there anymore, but many churches and the famous castle, the Tower of London, were still there because they were made of stone.

4 So the people of London decided to make new buildings of stone. You can still see many of those stone buildings from after the fire in London today. One of the most famous is a church. It's called St Paul's Cathedral.

50 weeks, states, different jobs

47

When Daniel Seddiqui was 26, he travelled around the USA for a year. He visited all 50 states and worked for a week in each one. He didn't use buses or planes – he travelled by car from job to job. He earned money for every job he did, but hotels were too expensive for him. He usually stayed in his boss's home, or with one of the other workers. 'People were very good to me,' says Daniel. 'They looked after me really well.'

But why did Daniel do this? And did he enjoy it? 'Yes, I did! I wanted to travel and learn about my country,' he says. 'And I wanted to try lots of different jobs.'

Things weren't always easy for Daniel. In week 7, he worked as a farmer in Nebraska. 'The days were long, and I got really dirty,' he says. In week 38, he was a cook in a fish restaurant in Maryland. 'That was really hard! Often I didn't even have time to get a drink of water.'

Other jobs were fun. He worked at a theme park in Florida and as a model in North Carolina. He was a football coach in Alabama. In Alaska, he was a photographer. 'That was great. Alaska is a very beautiful place,' says Daniel.

STUDENTS AT WORK!

48

1 **Read the article quickly. Where did Nina and Julia do work experience?**

Nina and Julia are 14 years old and go to school in London. But they weren't at school last week – they were doing work experience. This is when young people spend a few days doing a job. They don't earn money, but they work hard and learn about the world of work. Nina's job was in a café and Julia worked for a TV company. We asked them to tell us all about it.

Nina: I was really happy about working in a café, because I'd like to be a cook one day. But I didn't do any cooking at all. Instead I served food and drinks to the customers, cleaned the tables and washed the floor. The café opened at 7 a.m. and closed at 6 p.m., but my working hours were 6 a.m. to 2 p.m. The staff were friendly, but we didn't have much time for talking. We were all really busy!

Julia: I worked in the office of a TV company. At first, I was upset about that. My plan was to work in a TV studio, not in an office. But the staff were all very nice to me, and I learned a lot about the business. I started at 10 a.m. and finished at 6 p.m. In the morning, I opened all the letters. Then I helped my boss with different jobs. Sometimes I answered the phone. Other times he asked me to use the computer to look for information he needed. I was often so busy that I only had ten minutes for lunch!

2 **For each question, choose the correct answer.**

1 From the introduction we learn that the girls
- **A** enjoyed their jobs.
- **B** worked in different places.
- **C** were sorry to go back to school.

2 What work did Nina want to do at the café?
- **A** cleaning
- **B** cooking
- **C** serving food

3 What does Nina say about her working day?
- **A** It was very long.
- **B** It started too early.
- **C** There was a lot for her to do.

4 Why was Julia upset in the beginning?
- **A** She didn't want to work in an office.
- **B** She didn't like the people she worked with.
- **C** She knows nothing about the TV business.

5 Julia often didn't have much time to
- **A** eat her midday meal.
- **B** answer the phone.
- **C** speak to her boss.

CROSSING THE WORLD ON A RICKSHAW TO SEE THE OLYMPICS

56

When Chen Guan Ming was a young man, he never travelled far from his farm in a small village in China. But now he is famous for following the Olympic Games around the world in his three-wheeled rickshaw. The story began in 2001, when he heard that the games were coming to Beijing. He left his village and cycled 90,000 km all over China, visiting 1,764 cities before finally arriving at the famous Bird's Nest Stadium.

Then, he decided to travel to London for the 2012 Olympics. In 2010, he packed his things into his rickshaw and began his journey. He slept in his rickshaw and sometimes worked for food and money. Finally, he got to France, and caught a ferry to Britain. He only travels by boat or plane when there's no other choice. When he arrived in London, he met lots of tourists and told them his story. Some people didn't believe him. Then he showed them the stamps in his passport, and the photos of himself at places like the Eiffel Tower in Paris and Petronas Towers in Kuala Lumpur.

After the London Olympics, Chen left his rickshaw in the UK and caught a flight home to plan his next trip – to the Rio Olympics. In 2013, he flew back to London. He put his rickshaw on a ship to Canada, and he took a plane there. A friend paid for his flight ticket. Then, he got on his rickshaw and rode to Brazil through the US, Mexico and Central America. The journey took three years. He had an amazing time in Rio and made lots more friends.

Everyone needs a FAVOURITE PLACE

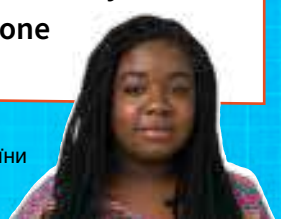

by Rebecca Grant

Today, I want to write about my favourite place. It's by the window in my bedroom. I've got a dark red armchair and a blanket. My grandma made the blanket for me when I was little. Next to the chair is a bookshelf with my favourite books, and there's also a little chest of drawers. On top of it, there are some stones I collected from the beach. I've got a few photographs on one side of the window and a mirror on the other side. I've got curtains on my window, too. Do you have a favourite place at home? Is it in your bedroom, or in the sitting room, or somewhere else? Maybe you don't have one, but you want to make somewhere you like special. Then here are a few ideas to help you create your special place.

63

1. Light is important in a room. Is there natural light or do you need a lamp?
2. You don't need a lot of furniture. A chair or an armchair is enough. Or you can put a few large cushions on the carpet in a corner. You don't really need anything else.
3. What colours do you like around you? Use something like cushions to give colour to your bed. Posters and blankets work well for colour too.
4. Now you can collect some favourite things to put in your special place.

Remember, no one is the same, so everyone's favourite place is different. Anyone can make their place special.

1 Rebecca has got three pieces of furniture in her favourite place.
2 Rebecca's photographs are next to the mirror.
3 She says it's nicer to have light from a window.
4 She has ideas for a favourite corner without any furniture.

GRAMMAR *someone, anyone*, etc.

1 **Look at the table. Match the words in 1–3 to a–c.**

1	everyone someone	anyone no one	2	everywhere somewhere	anywhere nowhere	3	everything something	anything nothing

These words are about … **a** a place. **b** a thing. **c** a person.

GRAMMAR REFERENCE AND PRACTICE PAGE 142

2 **Look at the article again. Find seven sentences with the words in Ex. 1.**

3 **Complete the sentences 1–5 with the pronouns with *-thing, -one* or *-where* and the sentences 6–10 with *anything, everything, nothing* or *something*.**

Artists' FAVOURITE PLACES

64

1 Gemma Blake, *painter*

Last summer, I spent four weeks on the north-west coast of Scotland in a little house by the sea. In the evenings, I sat by the open window and listened to the sound of the wind and the waves. It was wonderful. After breakfast, when I went out to paint and draw, I always had lots of ideas for pictures. Most days, I didn't see anyone except my neighbour. He was a fisherman. He really liked my work, and I sold him a drawing for his wall.

2 Daryna Vasyliv, *singer-songwriter*

I grew up in a small town in Ukraine. My grandma took me for walks and told me everything about the animals and plants there. When I was 19, I went to music school in Dnipro. At first, I loved the big city. Then I started writing my own songs about, guess what, nature in and around my home town. So, five years ago, I moved back, and now I don't want to live anywhere else.

3 Paul Davidson, *dancer*

I started dancing when I was very young. It was hard work, but I was good, and I danced with famous companies in the USA and Europe. I didn't really have a home, so when I had enough money I bought a tiny flat in London. I love it there. The world of dance is busy and tiring, and it's great to be able to get back to my flat. I close the door, lie on my bed and listen to music.

3 **Read the article again and answer the questions.**

1 What did the fisherman buy from her?
2 What did Daryna learn from her grandma?
3 Why and when did she move away from home?
4 What does she write songs about?
5 Why did Paul travel to so many countries?
6 What does he do when he gets home?

TALKING POINTS

Tell your dad it's great he wants to buy your clothes for you, but say *you* want to choose them sometimes. I got things for a holiday. I got pale blue swimming shorts and sunglasses. Oh, and black trainers – the best thing is a bright blue cap!

Your clothes sound amazing! Mine are all so boring! Dad takes me shopping, and he buys me what *he* likes. Yuk. Last week he bought me a pale grey suit and a pale green tie for my cousin's wedding! They're just like his! Can you believe it! You're both so lucky.

Amelia55 March 22 at 14.20

Cory Nieves, or Mr Cory, is from the United States. He started his business when he was six years old because he was tired of getting the bus to school. He wanted to make some money to help his mum, Lisa, buy a car. First, Mr Cory sold hot chocolate in front of his home in New Jersey. He did well, and he began to sell other things too, like lemonade and cookies. Mr Cory and his mum tried a lot of different recipes for cookies. Then, one day they baked some perfect chocolate chip cookies. Now they bake a lot of different cookies and sell them on his website mrcoryscookies.com. You can also buy them from shops. The cookies are all natural, and Mr Cory and his mum still try the recipes at home before they sell them to customers. Mr Cory also works with organisations that help young people in the United States.

Bella Tipping is Australian. She got the idea for her website while she was on holiday with her family in the US, when she was 12 years old. Bella and her mum talked about their experience. Her mum said the vacation was great. When Bella didn't agree her mum was really surprised. Bella said a lot of things in the hotels and restaurants were for adults not children. The places didn't think about what children wanted or needed. So, Bella started her website called Kidzcationz, where children can post their reviews of hotels and restaurants. Now, when families are planning their holidays and looking for places to stay and eat, they can look at the Kidzcationz website first to see which places are best for children.

1 Is your home or school near a shopping centre, street market or charity shop?
2 How are small shops and shopping centres different?

2 **Read about shopping in different countries. Where do *you* do your shopping?**

FACTFILE **Shopping**

Shopping is an important part of people's lives. People often want to buy different things at good prices. In English-speaking countries, these types of shops are popular:

- ★ **Charity shops:** People give these shops clothes, books and other things they don't use or want anymore. These shops then sell these things to other people. Charity shops give the money they make to help others.
- ★ **Street markets:** In these open-air markets, people sell vegetables, cheese, honey and other local items.
- ★ **Shopping centres:** These are big, modern buildings with lots of shops and places to eat. In the United States, shopping centres are called 'malls'.

SHOPPING SURVEY 80

We asked three teens in three different countries 'Where do you do your shopping?' Here are their answers.

1 Mark, age 14

Seattle, USA

Where: Northgate Mall, near Seattle
Why? I shop at Northgate Mall because there are lots of different stores and places to eat. I like listening to music and there is an excellent choice of technology stores in the mall. I also like Northgate Mall because it is near my house and I can walk or cycle there. I don't have a lot of pocket money, but I don't mind because I can look at things in different shops and go window shopping!

2 Karen, age 13

Dublin, Ireland

Where: Charity shops on Camden Street, Dublin
Why? I haven't got a lot of pocket money, so I need to shop carefully. Every penny counts! One way I save money is shopping at charity shops. I love going shopping in Dublin and I really love Camden Street. Some of the charity shops only have clothes people donate, but others have jewellery, other accessories and furniture.

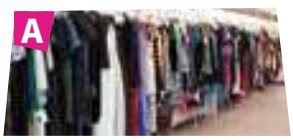

3 Pavlo, age 13

Poltava, Ukraine

Where: Street market in Poltava
Why? I love cooking and once a week, I go with my mum and dad to the street market to get fresh fruit and vegetables. The food at the market is from local farms and my parents say the prices are great. We buy special acacia honey at the street market for making sweets. We also like drinking milk with honey on cold winter days.

The history OF COMPUTERS

90

205BCE

The Antikythera Mechanism

In 1900, a group of people diving near the Greek island of Antikythera found this machine on the sea floor. For many years, no one understood what it was or how it worked. Scientists now say it was used to find out the positions of the sun, moon and stars. Many people call it the world's earliest 'computer'.

around 2,700 BCE to today

The abacus

People still use abacuses today in many parts of the world, especially to teach maths to children. Of course, they are very different from modern computers, but the idea is the same – to answer difficult maths questions much more quickly than a human can.

1940s

Alan Turing

Alan Turing wasn't well known when he was alive, but he's now one of the most famous scientists of the 20th century. His ideas on computer science changed the world. He worked on the first digital computer – it was called Colossus, weighed 30 tonnes, and was as big as a large living room.

1791–1871 and 1815–1852

Charles Babbage and Ada Lovelace

The modern computer was Charles Babbage's idea. The machine he wanted to build, called a 'difference engine', was special because it had all the parts that a modern computer has. It could save information and was also a kind of printer. Ada Lovelace was the first computer programmer. She had the idea for 'software' – a way of telling a computer to do different things.

READING

1 Do you know the names of any early computers? Read the article. Then complete the sentences with one or two words from it.

1 Some children use an abacus to learn how to do _____.
2 Charles Babbage's computer had several different _____.
3 Colossus was as big as a _____.
4 Modern _____ are small but can do more than the biggest computers of the past.

From the 1950s

Modern computers

From the 1950s, computers got smaller, faster and cheaper. Today, the smallest mobile phones have more memory than the biggest early computers. And computers are getting better all the time. However, they are not perfect. One of the worst problems is computer viruses. You can lose a lot of information when one gets on your machine. Be careful about what you download from the internet.

TALKING POINTS

Computers can now do a lot of clever things. But are they more intelligent than us? Why / Why not?

What is so great about running?

1 In the past, people didn't need sports like running to stay healthy because they were very active. But these days, many of us spend most of the day sitting down. This means we need to get some exercise in our free time, and running is a cheap and easy way to do it. It's more fun than doing boring exercises in a gym, and all you need is a good pair of trainers and some comfortable clothes. Also, it's a sport that people can do at any age – for example, Fauja Singh finished a marathon at the age of 101!

2 To make running interesting, you can enter a race. Fun runs are very popular. These are often 5 km long and are great for beginners. You can run with your friends and maybe dress up. For fitter people, there are half-marathons, marathons, or even ultra-marathons. These can be 70–400 km long. One of the most famous is the Marathon des Sables which takes six days and goes through the Sahara desert.

3 Running is fun and scientists say it is one of the best ways to keep fit. However, make sure you don't do it every day – it's important to have a rest between runs. Running improves the health of almost every part of your body, including your brain. It can make you feel happier and healthier, and live longer. It also helps you sleep well, and that gives you the energy to enjoy your life more. Perhaps it's the perfect sport!

5 The Queen sometimes stays at Holyroodhouse.
6 The Scottish Parliament building is closed to visitors.
7 Princes Street is a good place to go shopping.
8 All of Edinburgh's guided tours are on foot.

Hey guys! I'm going to Edinburgh, the capital of Scotland, soon. Have you got any advice for me? 105

Lucky you! Edinburgh's great. It isn't the biggest city in Scotland, but it's very beautiful and has an amazing history. The best place to start is Edinburgh Castle. This sits up on top of Castle Rock and from here you can see the whole city below you. It gets very busy in the summer.

Next, walk down the Royal Mile, through Edinburgh's 12th-century Old Town. Don't miss St Giles' Cathedral and the Camera Obscura. This amazing museum is all about how we see things, and has floating fish, funny mirrors and a 3D tunnel of stars. They sell great postcards there.

At the bottom of the Royal Mile is the Queen's Edinburgh home, the Palace of Holyroodhouse. When the Queen isn't there, you can visit the rooms and gardens. Next to the Palace is the Scottish Parliament. Spanish architect Enric Miralles designed it. Parts of it look like fishing boats on the beach. There are also roof gardens and fountains. And you can visit it for free!

You should also go to Edinburgh's New Town. This area isn't very new actually – it's over 200 years old! The most famous street in Edinburgh, called Princes Street, is in New Town. Here you find Edinburgh's best shops and department stores.

If you haven't got much time, you can see Edinburgh with a tour guide. Choose from walking tours, cycle tours and even ghost tours. These take you through the narrow streets of the Old Town late at night, and include scary stories from the 18th century.

Don't forget to take a good guidebook – and your raincoat. It often rains in Edinburgh. Have a great time!

READING

1 **Look at the photos. What do you know about Loch Ness and the Loch Ness Monster?**

2 **Read the article quickly and match the pictures A–C to the paragraphs 1–3.**

3 **Read the article again and answer the questions.**

1 When do people think they see things on the loch?
2 What does 'loch' mean?
3 How big is Loch Ness?
4 Which has more water: the lakes of Wales and England or Loch Ness?
5 When did people first see a monster?

114

LOCH NESS

1

Loch is the Scottish Gaelic word for 'lake'. Loch Ness is in the north of Scotland not far from Inverness. The loch is 230 m deep – it's the second deepest loch in Scotland – 36 km long and nearly 3 km wide. There's more water in Loch Ness than all the water in all the lakes in England and Wales. That's a lot of water for something to hide in!

2

The weather around the loch changes quickly. One minute it's sunny, the next it's cloudy, the next there's a bit of rain, and then it's sunny again. It can be a windy place, too. Clouds move quickly through the sky and on sunny days the clouds make shadows on the water. It's easy to think you see something in the water. When it's foggy, the fog sits on the loch and it's possible to think you see things then too.

3

The story of the Loch Ness Monster, or 'Nessie', started about 1,500 years ago. Then people called it a giant water animal. In the 1930s, a new road beside the loch brought more people to the area and more people started to see more strange things. In fact, over 1,000 people think they saw a strange animal in the loch.
There are several photos of some of the strange animals. Could any of them be Nessie?

TALKING POINTS

Do you think there is a monster living in Loch Ness? If not, why do so many people think they see something?

One day in May, Jack Smith was walking in Northern Oregon. It was a place he liked walking in and he knew it well. He was walking along a path when he saw a black bear, a female with her two babies. One was about a year old, the other was only a few months. Jack stopped to watch the bears. Because Jack walked along the path regularly, the bear knew who he was. It wasn't afraid and it didn't try to attack him. While Jack was watching the bears, something large and heavy hit him from behind. It was a mountain lion! Jack tried to get away from the mountain lion. Then, while he was fighting it, the mother bear ran towards him. But the bear didn't attack Jack, it attacked the mountain lion. The bear was much bigger than the mountain lion. While the mountain lion was attacking Jack, the bear stood on its two back legs and pulled the mountain lion off Jack's back. The mountain lion ran off into the trees. Then the bear went back onto its four feet and looked at Jack for a moment, before it walked back to look after its babies. Jack wasn't badly hurt. He was sure the bear recognised him and wanted to save his life.

Our Animal Friends

118

1 Animals can help people in many different ways. They can help people in their homes and in their daily lives. They can also save people when they are in danger, for example in the mountains or in the sea. When people think of animal helpers, most people think of guide dogs for the blind (people who can't see). But do you know about guide horses? These small horses help blind people move around a city or town. For example, they travel with them in taxis, cross roads and even help them get on and get off buses. Horses live much longer than dogs, so they can be with the person for a long time. Other animals can be helpers too. Monkeys are very clever and can look after people in many different ways. They can pick up your phone when you drop it. They can turn on the television for your favourite programme and turn off the television when it finishes. However, many people think that monkeys shouldn't be animal helpers because they are wild animals.

2 Most dogs are good at swimming but the dogs in the photo are very, very good at it. They work on [1] _____ beaches in Italy during the summer, keeping people safe in the sea. They can jump from helicopters and fast boats, and [2] _____ people in danger in the water. 'Dogs don't get tired as quickly as we do,' [3] _____ Emilio, their trainer. 'A dog is strong and it can swim fast. It gets to a swimmer faster than we can and then it [4] _____ the person back to the beach.' It takes three years to teach these dogs everything they [5] _____ to know. Then they are ready to do their [6] _____. People often think of animals as their friends, but these amazing animals are much more than that.

TALKING POINTS

Were you surprised by any of the animal helpers in the article? Which ones? Why? Discuss your ideas with your partner.

122

1 Are bees important?

Bees are a very important part of our ecosystem. Bees pollinate plants. In fact, about 30% of the food we eat depends on bees. Bees help people in other ways too. For example, they make the honey we eat and wax for candles and cleaning wood.

In many areas of the world, bees are in danger. People build houses, offices and factories on their homes. Farmers use strong chemicals on plants to stop insects eating them. But these chemicals also kill bees.

2 How does Mikaila Ulmer help bees?

Mikaila Ulmer, from Texas, is a girl who has her own lemonade company. She gives part of the money she makes selling lemonade and other products to charities to save bees. She teaches people about the importance of bees and how they help us. Mikaila has her own blog called Beelieve Blog. On her blog she shares information about her company and her projects.

3 How can we help bees and other insects?

There are a lot of different ways we can help protect bees and other insects. For example, we can:

- use fewer chemicals on plants
- learn more about organisations and people working to protect insects and their homes
- learn more about insects and how they help us
- start a blog on an animal or insect you think needs our help.

TALENT SHOWS

What do you really know about talent shows?

Everyone knows *The Voice*! It's a talent show for people who want to become famous singers. All of the singers on the show are good and some of them are excellent! There are lots of other talent shows around the world as well. In many countries, talent shows are the most popular shows on TV.

1 There are shows like Got Talent for musicians, people doing magic, singers … and lots more. There's a show for dancers, too. It's called *Strictly Come Dancing*. Every year there are new ideas for talent shows. There are even some national talent shows for robots and singing dogs!

2 Yes, most of the talent shows on TV are live. It's also possible to go to the **studio** and be a member of the **audience**. Then you can watch a talent show live on **stage**.

3 I'm sure you know the answer to this one. Usually, the people watching the show on TV and in the theatre **vote for** who (or what!) they like best. Sometimes famous people are the **judges** as well. On *Masterchef*, only the professional chefs choose the winner.

4 In a **competition** there is always a **winner**. The winner of **the final** usually gets a **prize** and sometimes becomes a **star**. On some shows the **runner-up** gets a prize too and a few of them become stars. On a few shows, the winner gets nothing – but they often become famous!

5 Most of the time, the people on the shows can say, sing or do what they want to. Sometimes, the show tells them the words to say, so they are a bit like actors or **performers**. But this doesn't happen on all the shows.

3 **Read the article quickly and check your ideas. Complete the article with questions from Ex. 2. Answer the questions about the article.**

1 What talent show is there for dancers?
2 Where can people go to watch the show live?
3 Who are the judges of talent shows?

READING

Read and Review

1 Look at two book covers. Do you know these stories? What are they about? Discuss your ideas with a partner.

2 Read the reviews and check your ideas.

Friday Barnes, Girl Detective

Friday Barnes, Girl Detective is about 11-year-old Friday Barnes. Her parents are always busy, **so** she spends her time reading. She reads lots of detective stories. Then some thieves steal some jewellery and, guess what, Friday is able to help her detective uncle catch them. **When** she gets a reward of $50,000, she spends the money on going to a really good boarding school. The head teacher doesn't like Friday **because** she is different from the other students. Friday is clever, too, and she solves mysteries at the school with her friend Melanie.

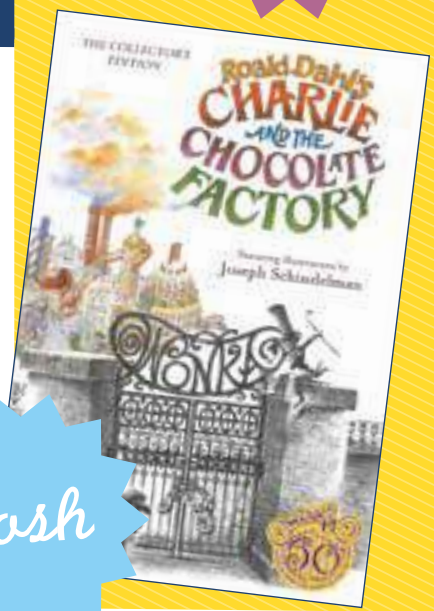

I loved the book. I wanted to read it to the end **as** it's very exciting. This is the first Friday Barnes book, and I'm definitely going to read more.

Annika

Charlie and the Chocolate Factory

Charlie Bucket lives in a small house with his family. They're very poor. One day, Charlie finds some money on the street and he decides to buy a Wonka chocolate bar with it. **When** he opens the chocolate bar, Charlie finds a golden ticket inside. It's his lucky day! It's a ticket to visit Willy Wonka's famous Chocolate Factory. Charlie is very excited. Grandpa Joe is excited, too, **because** he can go on the visit with Charlie. As there are five golden tickets, four other children visit the factory as well. They all meet Willy Wonka and go around the factory. Lots of strange things happen! Only Charlie is left at the end, **so** he's the winner! What's the prize? Why not read the book and find out?

READING

1 **Read the first paragraph of the article. Do you think the flipped classroom sounds like a good idea? Why / why not?**

141

THE FLIPPED CLASSROOM

what's it all about?

In a normal classroom, the teacher stands at the front of the room and gives a lesson and the students listen and take notes. Then they go home and do their homework. In a flipped classroom, everything is the other way around. Students study at home from a textbook or online videos, and then discuss the topic and do 'homework' exercises or projects in class. Lots of schools are trying it, but is it a good idea? We spoke to a teacher and two students to find out more.

Penny – teacher

The flipped classroom is hard work for the teacher, especially at the beginning. You have to make videos of every topic in the textbook for the students to watch on their computers at home. That takes a really long time! But it means I can spend time in class helping students one-to-one. I love that – I wasn't able to do it before.

Caitlin – student

I love coming into the classroom ready to talk about the topic and feeling I understand it. In a normal class, I often feel nervous, because if I don't understand, I have to ask the teacher to stop the lesson and explain. But with a video, I can watch it as many times as I like until I understand it. It's great!

Dylan – student

We tried the flipped classroom for one term in maths, but there were a few problems. Some students didn't watch the videos before the lesson, so they couldn't do the exercises in class. Also, when the teacher was going round helping people, we found it really easy to stop working and just chat. We did a test at the end of the term and we all got terrible marks. I usually pass every test, but I failed that one.

2 **Read the article and answer the questions. Say Penny, Caitlin or Dylan.**

Who said this about the flipped classroom?

1 If I need to, I can repeat parts of the lesson.
2 I like being able to explain things during the lesson.
3 Lots of us spent too much time talking to each other.
4 I don't have to be scared about what's going to happen in the lesson.
5 Getting everything ready wasn't easy.

3 **In pairs, discuss the questions.**

1 What do you think are the best/worst things about flipped classrooms?
2 Would you like to try it? For which subjects?

What's it like to grow up in a big family?

by Ella Blackstone

I am the oldest of eight children. To me, my family is completely normal, but other people find it amazing. So, for everyone who's interested, here's what it's like to grow up in a big family!

Remembering the names, ages and birthdays of all your family members is **really** difficult. My parents often call my brothers and sisters by the wrong names. This is **probably** why our pets never had names.

Some of my friends get money for doing jobs around the house, but we **certainly** don't. In our house, the dishwasher is on **nearly** all the time, there are always clothes to wash or put away, and the tidying up never ends. We all have to help, even the little ones.

Every shelf in our house is full of prizes, for basketball, tennis, cricket and rugby. We are all really competitive. The clever ones want to be the cleverest, the pretty ones the prettiest, and the funny ones the funniest.

Being slow is not a good thing in a big family. You have to move quickly to get into the shower or to get the best seat in the minibus (big families don't have cars). And you have to eat fast, especially if there's cake in the house!

Yesterday, I saw my 7-year-old sister in my old dress. She probably got it from my 15-year-old sister, who gets most of my things. We have to share bedrooms, toys, and even our parents' time. Sharing is not always easy, but we are **quite** good at it, luckily.

Life in a big family has its ups and downs, but I love it.

2 **Read the article again. Are the sentences right (✓) or wrong (x)?**

1 Ella has seven younger brothers and sisters.
2 Her family enjoyed choosing names for their pets.
3 Ella and her brothers and sisters earn money from helping around the house.
4 The younger members of Ella's family also have to do jobs.
5 The children in Ella's family do well at sport.
6 Ella says being fast is useful in a big family.

LIFE SKILLS EMOTIONAL SKILLS

BEING A GOOD FRIEND

148

LIFE SKILLS

Being a good friend

A good friend understands your feelings; says sorry when they are wrong; understands you and knows when you have a problem.

1 .....

Friends are an important part of our lives. It's sometimes difficult to make friends and it's not always easy to keep them. To have close friends, it's essential to be a good friend. The big question is what can you do to be a good friend and keep your friends?

1 Read the sentences and answer the questions.

It is better to have a few good friends than a lot of friends.

To know how someone else feels, put yourself in their shoes.

1 What do you think the sentences mean?
2 Do you agree with the sentences? Why? / Why not?
3 Which sentence do you prefer? Why?

2 Choose two qualities that you think are important in good friends. In pairs, compare your ideas. Now match the phrases from the box with the adjectives below.

attentive helpful honest
kind positive reliable

They listen carefully
They make me feel good
They are there for me when I have problems
They help me do my best
They always tell the truth
They will never do you wrong

3 Read the text. Match sections 1–3 to photos A–C. Are you a good friend?

1 It's _____ to be a good friend to have friends.
2 It's not always easy to make and keep _____ friends.
3 Maybe your friend is worried about a bad _____ in an exam.
4 Good friends give _____ and they tell you the best thing to do in a difficult situation.
5 It is sometimes important to be _____ so you can know yourself.
6 Remember that the longest _____ you have is with yourself.

149 **5 Listen to Karl talking to Martha. What does Martha do?**

2

Good friends usually share interests and like doing the same things. They have fun together but they help each other in difficult times, too. For example, when someone gets a bad mark in an exam, does not get on the football team or feels sad or alone, a good friend tries to understand the situation and offers help.
Your friend is sad and you don't know what to do. Maybe you can call them, visit them or make them a card. When a friend is worried about an exam, you can help them study. If your friend doesn't get on the football team, you can practise together after school. Remember, a good friend listens carefully and gives advice when possible. So, listening to people and putting yourself in their shoes helps make, and keep, friends.

B

3

It's important to have friends to help you, but it's also necessary to know how to be alone and to be sure of yourself. Don't forget, the longest friendship in your life is with yourself!

C

149 **6 Listen again and answer the questions.**

1 How do you know where Karl and Martha are?
2 Why is Karl feeling sad?
3 What did Karl do immediately after the argument?
4 According to Martha, what do good friends do?
5 Does Martha think Karl should call Alex that day?
6 When does Martha tell Karl to send a message?

TALKING POINTS

Who do you talk to when you need help and support? A friend? A family member? A teacher?

149 **7 Now listen again and match the two halves of the sentences.**

USEFUL LANGUAGE

Well, I found a great jacket on the internet. It was black and it had a really cool design on the back. You can't pay in cash of course, so my mum paid for it with her credit card. After that, we waited and waited but it didn't come. After two weeks I emailed the company, but they didn't answer. Then, six days later, it finally arrived. But the jacket was the wrong size. It was too small *and* it was blue. I returned it and asked them to send me the right one, but they emailed me to say they didn't have one in my size in black. And my mum is still waiting for them to return her money.
